

Weekly Notice 13

Last exercise sessions:

1. Durrett, Exercise 4.1. Describe the infinitesimal behavior of the process.
2. Durrett, Exercise 4.2.
3. Durrett, Exercise 4.5. Does the assumption that life times of machines are exponentially distributed seem sensible?
4. Durrett, Exercise 4.8. Be careful in explaining how you obtain the Q matrix. Describe how the process evolves over time.
5. Durrett, Exercise 4.13.
6. Exercise 115.
7. Exercise 129.
8. Exercise 75. Recall Equation (5.2) in the lecture notes when solving (1).
9. Exercise 135.
